

October 2020

Dear Parents,

We wish you a happy healthy and safe scholastic year . We need your full cooperation .

*Note that the temperature will be measured daily .So, if your child's temperature is above 37.5 don't send him to school .

For your children's hygiene , Please provide your child with hand sanitizers and antiseptic wipes.

*Also , your child must have his face shield , otherwise, he won't attend the school .

*They have to get their own sandwiches and plastic bottles of water .

*Avoid any glass bottles .

*They get their own stationary as they are not allowed to borrow anything from their friends.

*The first lesson starts at 7:45 a.m. so all students must be before that otherwise, they won't be allowed to enter , so they have to be punctual .

*School ends at 12:45 p.m.

*The students leave immediately , as no one is allowed to stay at school .

Thank you for your cooperation.
